## English Wilton Squares in Oriental Designs

Splendid Floor Coverings for Library, Living Room or Dining Room.

Search and experiment as the designer may, he cannot eclipse the Old Easter achievement in color and weave in rug making. And to bring the Eastern effects within the reach of the average pocketbook, modern manufacturers have concentrated their skill and effort on the reproduction of the Oriental patterns and colorings in the machine-made carpet. One of the most successful results is attained in the Wilton Square. These squares are obtainable in a wide variety of designs suitable for almost any room. Our leading lines follow:

## GROUARD CHOSEN INLAND TERMINAL FOR P. AND H.B.

Company Reported to Have Bought Quarter Section in Northern Town.

WILL GIVE SHORTEST OCEAN-TO-OCEAN LINE Thought Construction Work on Road Will Be Carried on This Year.

That the Pacific and Hudson's Bay railway, a line running from the Pacific coast to Hudson's Bay, will start construction work at once and make Grouard its great inter-oceanic terminal, was the statement made by W. H. Devin, purchasing and right-of-way agent, at the King Edward hotel last night.

Mr. Jenkins, whose headquarters are in Montreal, said that the railway had secured control of the northwest quarter of section 15, township 27, range 14, west of the fifth meridian. This quarter section immediately adjoins river lots 1, 2 and 3, and is just east of the town of Grouard and on the shores of the lake.

The Hudson's Bay railway has a dominion government charter and will run from Bella Coola, on the Pacific coast between Prince Rupert and Vancouver, through Grouard to Churchill on Hudson's bay, crossing the Rockies via Pine pass. It will provide the shortest ocean-to-ocean route, passing through Pine pass, which has the best grades through the mountains, will become a most important water carrier, besides opening up a new country to be rich in mineral, timber, agricultural and fishing wealth.

This railway will also make Grouard an important railway center, as it is the fourth which will go through that town, assuming that the E. D. & C. W. will pass through it. The other two will be the Canadian Northern and the Pacific and Great Western. It is now assumed that all but the last mentioned will undertake active construction work in the near future.

The road will come from the east, to the south of the town, and will proceed in a straight line, which will probably be its intermediate terminal, according to the latest information received. The line will pass around the north of Grouard, through the part known as Grand View, thence on to the west.

## THE REASON FEWER PEOPLE TAKE "SALTS"

We find the use of salts and other harsh physics is becoming less every year because more and more people are using Rexall's Cathartic, which we and they firmly believe to be the best bowel remedy ever made. They taste so much like candy that even the children like them. At the same time they act so easily and naturally that there is no pricking, itching or pain. They promptly remove constipation and, by soothing and strengthening the bowels, make it less liable to recur again. We know what they are made of and the pleasant, beneficial results that follow their use. You needn't take our word for it. If Rexall's Cathartic don't help you—let it go. You can buy Rexall's Cathartic only at the Rexall Stores. And in this town only at A. Archibald, Druggist, 213 Jasper East.

## ALBERTA TEMPERANCE AND MORAL REFORM CAMPAIGN PLANNED

As was announced at the services in the pulpits of the churches, next Sunday is to be Campaign Temperance Day. The special address to be given on the occasion will bear upon previous wide prohibition. ## SPEAK OF CITY'S VAST IMPORTANCE

Railroaders and Financiers  
Write Board of Trade Com-  
menting on Edmonton.

**LOCAL VIEWS ENDORSED**  
Predict Even Still Greater Pro-  
gress Than Has Taken  
Place in Past.

The truth of statements regarding Edmonton and the great stretch of country surrounding it is made all the more emphatic when endorsed or spoken by men high in the business and financial world or at the head of great railroads. P. T. Fisher, secretary of the Edmonton board of trade, is in receipt of recent letters sent to him from several of these men, commenting upon Edmonton and things of interest to her people.

Following are some of the statements gathered from the correspondence: M. H. Macleod, general manager C. N. R., Winnipeg, Man.: "We realize that the city of Edmonton is becoming more and more a large distributing center for the vast hinterland in the northern portions of the province and the Cana-

dian Northern hopes to do its share in assisting in the development of this great country."

Sir Donald Mann, vice-president, O. N. R., Toronto, Ont.: "It was in 1899, just 24 years ago this spring, that I visited Edmonton, and the changes there since that time, and in fact all over the west, have been very remarkable, but it is nothing compared with what the change will be in the next 25 years."

Morley Donaldson, vice-president and general manager, G. T. P., Winnipeg, Man.: "The success of Edmonton is so important a feature in the middle west that the railroads are greatly interested in anything that pertains to the importance of your great railroad center. The development of Edmonton has been phenomenal, and I am of the opinion that you are just on the border of still greater development, and no doubt the city of Edmonton will be one of the most important in western Canada."

D. R. Wilkie, president Imperial bank of Canada, Toronto, Ont.: "The progress of Edmonton since 25 years ago, when Jasper avenue was little more than a trail, has been a remarkable one. Since the early days Edmonton has become one of the great cities, not of Canada alone, but of America, and her distant future is likely to be as far in advance of her present proportions as what they were 25 years ago. Through-out a period which has tested the prudent and good sense and good faith of all western municipalities, Edmonton stands out prominently as an example worthy of emulation."

## ITCHY NOSE AND RUNNING EYES CURED IN FIVE MINUTES BY "CATARRHOZONE"

Bronchial Distress and Bad  
Throat Trouble Relieved  
at Once.

Every day comes news of wonderful cures made by Catarrhozone. Cases are reported and personal testimony is given that proves beyond question the marvelous power of Catarrhozone.

Bad colds and running eyes it stops in a few minutes. Irritable throat and dry bronchial coughs are helped in a jiffy—always cured—Catarrhozone is used as directed.

Chronic Catarrh in the nose and throat, the sort that keeps the breath stilted and makes a vile, sickening discharge—even that type of catarrh yields completely to the power of Catarrhozone.

Just think of it!  
Not a drug to take, not an hour to wait for relief—you just simply inhale the pleasant, spicy vapor of Catarrhozone and get well quickly.

"What Catarrhozone did for me in one week was simply a miracle," writes Malcolm R. McIntosh from Sydney, "I had a frightful attack of catarrh. My ears burned and my head was full of noises. The end of my nose was red and itchy—on the inside it was sore and excruciating. I had vile droppings from my throat and was very sick. Relief came quick—so I kept up the treatment and was absolutely cured by Catarrhozone."

Nothing else will so effectively and quickly cure you of Catarrhozone. Get the \$1.00 outfit; it always does the trick. Small size 50c; sample trial size 25c. at all dealers.

## MAP SHOWS HOW REBELS ARE WRESTING TERRITORY FROM HUERTA'S CONTROL.

An idea of the immense area of the territory in Northern Mexico that has fallen into the hands of the Constitutionalists, as a result of the fall of Torreón, is gained by comparison of the five states now in the rebel hands with American states. The total area of Sonora, Chihuahua, Durango, Sinaloa and Tamaulipas, all reckoned as Constitutional territory, is 274,976 square miles, as compared with 245,229 square miles, the area of all Texas, and 47,260 square miles, the area of the State of New York, or approximately six times the area of the Empire State. The shaded portions of the map represent the territory now in the control of the rebels.

## ELOQUENT ADDRESS BY REV. J. POLLOCK

"What We Bought at the  
Boys' Home" Was Subject of  
Interesting Talk.

IS PASTOR IN BELFAST

No Objection to Genuine Home  
Rule, Says Speaker, to  
Large Audience.

Rev. John Pollock, pastor of St. Joseph's Presbyterian church, Belfast, delivered an eloquent address in the First Presbyterian church last night on "What We Bought at the Boys' Home." A number of local members of the Orange lodge were present to enjoy the splendid talk of the Irish Reverend. It was settled at the Boys' Home that the crown is not the property of any man, but belongs to the nation, to be bestowed according to the national decree. What we bought at the Boys' Home was a constitutional monarchy, and if ever a king tries to play the game of party politics he will feel the thrashing beneath him.

The speaker said he had no objection to genuine home rule, but what he objected to was the handing over of all legislative and administrative power to foreign hands. He had no objection to a free parliament, but protested against the creation of a par-

liament that would be subject to a cabinet sitting in the Vatican. He believed the institution of such a government in Ireland would mean the surrender of the national bigness, and the casting away of what was bought at the Boys' Home. That battle was fought and won," said the speaker, "but the great age-long war of which it was but an outstanding episode still continues."

But for the Boys' Home and its might be counting our heads long and howling to the images and praying for the dead. The Boys' Home gave us deliverance from a fraudulent and rapacious priesthood, reaping money from the living and dead more than that we have seen in any other country. The Boys' Home gave us the right of legislation without interference of Pope or priest."

Rev. Pollock said that the most backward nations of the world today are those still swearing allegiance to Catholic rule. Romanism spouts death and decay; Protestantism, life and progress. "We did not buy at the Boys' Home," said Rev. Pollock, "liberty only for ourselves, but for our British Catholic brethren as well. An intolerant Orangeman has no right to the name he bears. A man of intolerant spirit who calls himself an Orangeman is an impudent fraud." A vote of thanks to the speaker was proposed by Rev. R. H. Leitch and carried unanimously.

## ASQUITH FORCED TO WITHSTAND BRISK FIRE OF ULSTER QUESTION

London, April 21.—Although Ulster is out of the net of the house of commons for the time being, Premier Asquith had to withstand a brisk fire of questions on the matter when he came into the house yesterday fresh from an interview with the king at Buckingham Palace. The leading intervention stood in the name of Col. H. D. W. Chaloner, unionist of Abercrombie, who asked the premier "whether, in view of the allegations of an unauthorized plot to overthrow Ulster, he would take steps to secure a judicial inquiry into the whole matter."

Mr. Asquith's answer was laconic. "I see no grounds for a judicial inquiry into the alleged plot against Ulster," he replied, whereupon Bonar Law immediately asked the premier to reconsider his reply in view of the gravity of the matter.

J. M. Hogg, liberal member for Edinburgh East, thereupon put a further question. "Did the premier know that sworn testimony of officers of the army and navy and the Irish constabulary existed with regard to facts which were sufficient to arraign the right hon. gentleman for high treason?"

"I know nothing of it," replied the premier.

It was decided to appoint a delegate to the advisory industrial committee which was decided upon at the last meeting of the Edmonton school board which recommended that it should consist of the school management committee, representatives from the Edmonton Industrial association, Trades and Labor council, Builders' exchange, Labour council of women, University of Alberta, and board of trade.

Communications were received from various unions asking that the council use its influence to have the city start work on the various buildings authorized by the council. For the present, Secretary Farnie reported that he had interviewed the provincial minister of public works regarding work on any public buildings that might be undertaken by the government and also asked to have the stone cutting and other work on the new building of the university done in Edmonton.

The report of the auditors for the quarter ending last month showed that the receipts had been \$29,775 and the expenditures \$24,425, leaving a balance of \$15,350.

North Battleford, April 21.—While Mr. Hoover, a farmer of Medstead, 35 miles north, was on his way to his city last Saturday, a disastrous fire broke out at his farm. His wife, in a struggle to return to the house, discovered her child, who had endeavored to escape, was caught and burned to death by the blazing fire.

## T. AND L. MEN ASK NO PLURAL VOTING

That Few Interests  
Can Control Vote on  
Money Bylaws.

**WANT WORK COMMENCED**  
Appoint Delegate to Advisory  
Industrial Committee of  
School Board.

One vote to one man was the resolution endorsed by the Trades and Labor council at the regular meeting last night. By a vote of five for and one against this body placed itself on record by favoring the abolition of plural voting. The resolution was put to the council without much discussion, the mover stating that under the present system a few interests could swing money bylaws to suit themselves and that the system should be one man one vote.

North Battleford, April 21.—While Mr. Hoover, a farmer of Medstead, 35 miles north, was on his way to his city last Saturday, a disastrous fire broke out at his farm. His wife, in a struggle to return to the house, discovered her child, who had endeavored to escape, was caught and burned to death by the blazing fire.

JIMMIE DUFFY  
IS WINNER OF  
BOSTON MARATHON

Hamilton Boy Wins 18th Annual Event in 2 Hours, 25 min., 1 sec.

Boston, April 21.—James Duffy, of the Hamilton A.C. of Hamilton, won the 18th marathon race of the Boston Athletic Association yesterday. His time was two hours, 25 minutes and one second, compared with the record established by M. J. Ryan, two years ago of two hours, 21 minutes and 15 seconds.

Edward Fabre, of the Richmond club of Montreal, was second, in 2:26:46. Joe M. Landon of Cambridge, who with Miller Kyrone of Brooklyn, made the pace for the field for 16 miles, finished in third place. His time was 2:23:42. Walter Sell of Montreal was fourth in 2:30:47, and Arthur V. Roth of Roxbury was fifth in 2:31:08.

The starter's pistol sent the men off on their long run promptly at noon.

At North Framingham, five miles from the start, Landon of Cambridge and Kyrone of Brooklyn were ahead, followed by Antonio of East Boston, Robinson of Rochester, Henry of Malden; Madden and Roth of Roxbury; McHenry of Philadelphia; Mayer of Mount Vernon, N.Y.; Duffy of Hamilton, Ont., and Fabre, Montreal.

Swinging into the boulevard at Auburndale at a snail's pace, the runners passed Wellesley several hundred college girls lined the route and gave the crowd an ovation.

At the boulevard, 16 miles from the start Kyrone was still in the lead but the time one hour 25 minutes was 12 minutes below the record. Duffy of Hamilton, and Fabre of Montreal, were side by side, in second place, one minute behind. Then came Bell and Allan. The time was 1:14:42, nearly ten minutes behind the record.

Duffy was passed by the first ten miles by Stuart Allen of St. Catharines, and in the last five miles he had a lively duel with Fabre, whom he succeeded in shaking off two miles from the finish.

More than a quarter of a million saw the race.

Duffy is the fifth Canadian to win the Boston race in 18 years. Dick Caffery of Hamilton, won it twice in 1901 and 1902. Tom Lonschack was next in 1907, he set up a new record. Fred Cameron, of Amherst, N.S., was in first in 1916.

Fabre the Montreal runner who was second, has galloped in the big race for six or seven years. He was third in 1911 and fifth last year. He is Canadian snow shoe champion.

Frank Chance's team is worse than we suspected. Six of them have been shifted to Jersey City, which is a regular hint that they should go back to the mines. That's the limit.

## Our National Game

Joe Lally is having a busy time in the west booming amateur lacrosse. He started a revival in Edmonton and already all the schools are playing the national game.

Vancouver A. C. Mann cup holders, have decided to comply with the request of the Calgary Chukchos for a change of dates for the championship series on the Pacific Coast, and the Alberta champions will play either on May 21 and 22 or 23 and 24. Brampton, O.A.L.A. champions, will play for the cup some time in June.

Alex. (Dad) Turnbull, of Westminster, who was the best man on the team that captured the Mann cup from the Chukchos, has an amateur team at the Coast and expects to win the Mann cup this summer.

Ottawa will likely have two teams in the senior series of the O.A.L.A., and Jimmie Dundas will be prevailed upon to again take the position of president. Over 20 teams will likely play in this league this season.

"Sport" Martin is in Ottawa this week and will have things in shape to make an application to the "Big Four" at the annual meeting. "Sport" is enthusiastic about the chances for a sport team in the Capital and expects to be able to make a success of the venture.

The announcement from Montreal that George Kennedy would transfer his lacrosse franchise to Quebec leaves the way open for another team in the Big Four. And it is likely that the long quarrel between the Shamrocks and St. Patricks will be back in the game.

With Quebec Shamrocks, nationals, Toronto, Tecumseh and either Ottawa or Cornwall, the professional circuit would be one of the best in the country and, playing a double schedule, all the teams should have a good season.

But these runners are always in force this time of year and it would not be at all surprising if the league did not make any changes when they meet in Montreal on April 25th to discuss the situation.

The best move that the "Big Four" could make would be to let the Shamrocks back in the game, providing the Montreal club would place a good team in the field.

George Kennedy also wants the ten-man idea, and the field shortened, as to make the game faster. The idea is all right in regard to the length of the field, but it would be just as well to have 12 men playing the game as usual.

There is no doubt that most of the lacrosse fields are 160 yards and that the game is made slower by the long play in center field. Placing the net only one hundred yards apart and playing 12 men would make it fast enough for anyone.

Minor Brown says he has the best team in St. Louis, which is not boasting overmuch. If he has a ball team he has it on the rest many ways.

## ESKIMOS WELL PROVIDED FOR IN W.C.L. SCHEDULE

Many Games Here in May, Victoria Day and Dominion Day Games Here.

A klipsme over the Western Canada baseball schedule presented today shows a pretty fair arrangement to all teams for the season. This latest masterpiece, Pres. Thompson has handed out is a vast improvement over the Barney Dreyfus schedule, that was floating around earlier in the month.

Saskatoon open here May 4th; Regina opens at Medicine Hat and Moose Jaw goes to Calgary. The Eskimos are billed to play many games here during the month of May. Moose Jaw follows Saskatoon for four days, then comes Calgary for three games. Eskimos then go to Calgary from May 14 to 17, and return here May 18 for a four game series with Regina. Then comes Medicine Hat for five games and the Eskimos hit the trail for Saskatoon, Regina and Moose Jaw.

The Eskimos and Medicine Hat have 60 games at home. The rest of the teams have 45. The southern teams have more holiday games than Edmonton, but that makes little difference, as Edmonton is a good baseball town any day in the week, and good crowds are always present. Edmonton gets May 25th and July 1st at home, and they should victory. They finish the dash for the pennant on the road and the many games here in May are to their advantage, and there should be no kick.

Next Two Blocks Played This Afternoon and Evening at Empire Hall.

The first two blocks of the pocket billiard match between Gordon Hord and George Sharp took place at the Empire Rooms yesterday afternoon and evening, before two large audiences. The spectators saw some real classy shooting on the part of Banford, who was in excellent strokes, especially in the evening, when he elicited off runs of 22, 24, and 25. Sharp was in his best form and did not show to very good advantage. He made several costly scratches. His high run of the two games was in the afternoon, when he compiled 24.

The match is being played under the last championship rules, making it difficult for the players to get away for high runs. The next block will be played today at 2 o'clock and 8 o'clock at the Empire Rooms. For Sharp to win he must score 245 before Banford runs down 200. Yesterday's scores: Banford, 100, 100; high runs, 22 and 25. Grand total, 200.

Sharp, 85, 65; high runs, 24 and 14. Grand total, 138.

Referee, Billy Ryle.

LIPTON SATISFIED WITH HIS NEWEST BOAT, SHAMROCK IV.

London, April 21.—Sir Thomas Lipton and Wm. T. Burton, the British amateur yachtsman, who is to sail the Lipton challenger for the "American Cup" expressed satisfaction with the Shamrock IV, which they carefully examined during a week-end trip to Chiswick, near London.

Sir Thomas, on his return to London yesterday, said: "The Shamrock IV, looked every bit what she was intended to be—a sure cup winner."

The only thing that troubles Sir Thomas Lipton is that he work on the challenger is a little behind owing to the insufficient supply of metal on hand. She cannot be launched until the middle of May.

## "Knockouts"

Jack Blackburn must feel pretty confident of his ability to "come back," when he is willing to swap punches with Bat Levinaky.

Jimmy Clabby, who has been promised \$25,000 for three bouts in Australia, expects to be home again in four months.

Willie Ritchie has informed the Milwaukee promoters that he would welcome another opportunity to meet Ad Wolgast in their city.

Premier Dick Burge of England offered a \$5000 purse for Gunboat Smith-George Carpenter bout to take place in London next July.

In order to get a return match with Champion Kilbane, Abe Attell says he is willing to meet several good boys just to show that he is still there.

Eddie McGoorty again beat Dave Smith, the Australian. If Dave happened to die, McGoorty would be out of a job, as he is about the only man in the world Eddie can wallop. Smith is a handy meal ticket.

Barndean Blake refuses to fight in America, probably getting the idea from the attitude of officers of the English army in the U.S. scare.

Another jell for Mrs. Pankhurst. The Paris police have prohibited a prize fight between women. This is a hard blow.

There is one thing about Chip, who was knocked out in a little better than a minute by Al McCoy—he does not claim he was not sober when it happened, as one Jawn McGraw.

Clabby is the name of a fighter and not Chinese for cabbie.

Battle between Al McCoy and Geo. Chip was significant in that it demonstrated the famous "lucky punch" theory, discovered by James J. Corbett in 1897.

"BANDSMAN" BLAKE WALLOPED WHEN BACK WAS TURNED

London, April 21.—The bout between Joe Borrell, of Philadelphia, and "Bandsmen" Blake, the English middle weight, at Blackheath last night, disappointed a big crowd. When the going sounded at the close of the fourth round Blake turned to go to his corner and Borrell swung a hard right to the head, flooring him.

Blake's manager claimed a foul, but the referee thought the blow was unintentional, and declared it "no contest." Borrell had the better of the exchanges to that time.

CARPENTIER IS MATCHED WITH GUNBOAT SMITH

London, April 21.—George Carpenter, the French champion today signed articles for a 20-round contest with "Gunboat" Smith for a stake of \$25,000 offered by Dick Burge and a side bet of \$2,400. The fight is to take place some time in June in London.

A St. John, Mich., baseball manager advertised for an infielder, who is also a barber. It will be rather hard to scrape up a candidate for the job.

## BOYS LACROSSE LEAGUE MEETING HELD AND DETAILS ARRANGED

Committees Appointed to Interview Scholars and Arrange Choosing of Teams—Junior and Senior Public Schools, Separate School and High School Arranged in Groups.

A well attended meeting was held last night in the Y.M.C.A. for the purpose of arranging the details of organizing the Edmonton School Boys Lacrosse league. Three committees were appointed to take charge of various parts of the work and it will now be a matter of but a week or two before many lacrosse teams will be practicing in the league.

The league was divided into boys under 15 years; senior public schools, for schools with ten or more rooms; junior public schools, for schools under ten rooms.

These committees will interview the different schools and explain all details to the principal, teachers and scholars and arrange to get the game started in the various schools. Instructors will be appointed for each school, so that no boy will miss the opportunity of being taught the game.

Measrs. Hanley, Tait and Shannon were appointed a committee to look after the separate and high school boys lacrosse.

Measrs. Driscoll, Valentine and Scott to look after junior public schools.

# A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

## FOR \$1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class fictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

## Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on International subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

**\$400,000,000**

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

## FRANK BLAKE WRITES COUNCIL IN REGARD TO J. H. MILLER'S WORDS

The Editor of the Capital:

Dear Sir—Having noticed in your  
issue of this evening a report of an  
interview of Mr. J. H. Miller of the  
Edmonton Builders' Exchange, with  
the city commissioners this morning  
relative to the fair wage clause adopted  
by the city of 75 per cent for plaster-  
ers and bricklayers and masons, in  
which Mr. Miller accuses the commis-  
sioners of encouraging these crafts to  
go on strike, I have written a letter  
to the council setting forth the  
position of the bricklayers and masons  
in the matter, and asking for the  
privilege of replying to any statements Mr.  
Miller might make before the council  
tomorrow evening. A copy of this  
letter to the council setting forth the  
position of the bricklayers and masons  
in the matter, and asking for the  
privilege of replying to any statements Mr.  
Miller might make before the council  
tomorrow evening. A copy of this  
letter I am enclosing.

May I for the benefit of the ratepay-  
ers of the city, as I consider this a  
public matter, affecting as it does the  
general welfare, and inasmuch as the  
position of the bricklayers and masons  
with regard to the Builders' Exchange of  
Edmonton is a matter of public in-  
terest, when our then existing working  
agreement with the Exchange expired,  
we had always at the expiration of an  
agreement, or rather in the January  
prior to the expiration of any agree-  
ment which existed, drawn up a draft  
agreement and submitted by mail to  
the Exchange, asking at the same time  
that they strike a committee to meet  
upon the matter to effect an agree-  
ment. Our advances were always  
courteously met until January, 1913,  
our agreement expiring May 1.

following. In the early part of Janu-  
ary, 1913, we framed a draft agree-  
ment, and submitted it to the Ex-  
change in the usual manner. Several  
weeks went by and we had received no  
acknowledgment of receipt. We  
wrote them again, but again we got no  
reply. Some two or three weeks later  
one of our local officials, Mr. Wet-  
more, called upon me and asked me  
to call upon him. He said that he  
had had no reply. Mr. Wetmore ex-  
pressed surprise and stated that he  
was under the impression that he had  
written us, but that he would confirm  
it by another letter. The letter was  
duly sent, and in it we were informed  
that our communications had been re-  
ceived, and that a committee had been  
struck to meet us on the matter. We  
have never had an opportunity of  
meeting this committee yet. A rather  
strange coincidence occurred that the  
convention of Provincial Builders' Ex-  
change met at Calgary a week or two  
later, which was immediately followed  
by a convention of the Alberta Build-  
ers' Exchange at Edmonton. At Cal-  
gary a resolution was adopted which  
provided that no local Builders' Ex-  
change should be permitted to enter into  
a working agreement with any trade  
union, except by consent of the execu-  
tive committee of the provincial build-  
ers' exchange. This resolution was  
ratified by the Edmonton convention.  
These, sir, are not secrets, they were  
published in a builders' magazine.  
There we have the reason why the  
bricklayers and masons were unable to  
effect an agreement with the Build-  
ers' Exchange last year. This year we  
have not approached them; we got on very  
nicely last year without any agreement,  
and we expect to do so well this year.  
Last year we entered into agreement  
with individuals who agreed to give  
us a minimum of 75 per cent. Amongst  
these was a firm who had been con-  
servatively, more so than the others,  
and they also agreed to give us 75 per  
cent. To conclude, when the negotiations re-  
sulted in the fair wage scale was in progress,  
the city commissioners met with repre-  
sentatives of the plasterers' and bricklay-  
ers' unions, together with representa-  
tives of the Builders' Exchange. The  
bricklayers submitted a large number  
of affidavits from men who had been  
employed by the Builders' Exchange in  
1912. Many of these affidavits were  
of the contractors whose names were  
cited were members of the exchange.  
They did not contain any statement  
that they were not members of the  
affidavits at the time, although one  
contractor who was present, after the  
meeting was over, said, "Well, I  
bring in some counter affidavits, that's  
all." Whether that has been done or  
not, I do not know, but when Mr. Miller  
publicly accuses us of having made  
false declarations under oath or affir-  
mation, he must be sure of his ground,  
and to Mr. Miller I would say: "There  
to accuse me of having perverted the  
office of the sacred duty of my ap-  
pointment as commissioner for taking  
affidavits in and for the province  
of Alberta and I will start an action  
against you within 48 hours of my  
learning that you have done so." The  
Builders' Exchange has for years past  
conducted themselves a body with the  
equivalent to a discipline right to de-  
termine the wages of the building in-  
dustry of this city, but in their anxiety to  
cover up a false move recently they let  
them be careful in playing their little game  
of bluff that they do not overstep the  
mark, or their bluff will surely be  
called.

### Continued Absence OF MARSH'S PURSUERS CAUSING SOME WORRY

No further word has been received  
about Dan Marsh, whom the mounted  
police are so eagerly seeking. The  
last word received from the police and  
Indian trackers that are after him,  
and that of the detachment have little or  
nothing to say in regard to the matter.  
It is understood that the detachment  
is under the impression that the con-  
tinued silence on the part of the pursuers.  
It is thought that there is some prob-  
ability that there is some fight, and  
that the officers have been wounded and  
are unable to send in any word; also  
a possibility. In fact, it is believed, that  
the officers have, in pursuing their quarry,  
gone so far from any settlement that  
they are experiencing difficulty in ob-  
taining food and supplies. It is stated  
that unless word is received from the  
detachment during the course of the  
next few hours that a search party  
will be sent out after them.
